

The World is Our Classroom

Cruise Events for families and friends
who share a love of learning

What you can expect from School at Sea – Fully Escorted Program ...

All families will receive a Welcome Aboard & Travel Information Packet at time of Registration and Enrollment. The fun and learning begins with our **Pre-Cruise Activities Packets** which are mailed to each child 45-60 days prior to cruise, and are based on age and critical thinking level: Pre-K/Kinder, Elementary, Jr. High, High School. Our Pre-Cruise Activities Packets are filled with Critical Thinking, Geography, Science, Literature – plus Puzzles, Recipes, Crafts and more ... all designed to help you learn about the areas you will soon be visiting. This builds excitement for your vacation plans, and allows your family to “get to know” the part of the world you will soon be exploring. Some families choose to save their packets to enjoy after the cruise, to relive the experience and highlight the memories.

We strongly encourage everyone plan to arrive at port area at least one day prior to departure. This will ensure safe early arrival of travelers and luggage, plus a good night sleep before embarking on our adventure. We offer pre-cruise add-on packages with special group rates at local hotels, and options for local transportation or free/low-cost parking. The fun begins onshore prior to cruising with our popular Pre-Cruise Meet & Greet, scheduled for the afternoon before embarkation. This is a great opportunity to meet the Director and other families, ask any questions, enjoy some goodies, and just have a bit of fun with new friends.

Your “floating hotel” provides accommodations, all meals/snacks/drinks, 24/7 room service, 24/7 movies, kids clubs, live entertainment, scheduled onboard activities, pools and hot tubs and more. School at Sea participants will also have the option of attending exclusive hands-on workshops and a variety of interactive learning opportunities, both self-directed and teacher-led. Students are encouraged to personalize their experience - whether they choose to follow each project step-by-step or to use our materials as a starting point for their own creativity. Many favorite vendors have chosen to participate in School at Sea. You may have a chance to test new products, view programs and boxed curriculums, and meet family learning experts. We also offer exclusive “family friendly” activities such as pizza parties, art shows, and some popular favorites such as “**Adventures at Sea**” **Scavenger Hunt**, “**Riddle Me This**” **Trivia Contests**, “**Wet & Wild**” **Slide Splash Contest**, “**Fun & Fit**” **Physical Challenges**, and more. While most activities are included in the program pricing, we sometimes will offer special activities such as **Scrapbooking** and **Jewelry-Making** which are offered at additional cost to cover supplies and teacher. Whether you spend your free time being pampered by the ship’s staff, meeting new friend from around the world, and/or participating in a variety of daily activities both onboard and in port ... the choice is yours!!

All travelers (including any family/friends who have chosen to join you on vacation, and book within our group, taking advantage of our group perks and amenities) will receive assistance at all stages of your planning and travel. We provide travel tips and recommendations based on your personal, family or group needs. All travelers will receive **Welcome Gifts** including **Travel Bags** (filled with sport bottles, toys and treats) for all children. **Daily Surprises** will be delivered to your room for all children 2-17yrs. *Our youngest travelers will receive special Travel Bags, since some Daily Surprises may not be safe/appropriate.*
